

Plan Table

Designed By Edward Barber & Jay Osgerby, 2022

The Plan Table Extendable is designed for flexible collaboration spaces, restaurants, and private homes.

While conventional extension tables are fitted with rather complicated extension mechanisms, the Plan Table extension table has aimed to simplify the tool as much as possible – with the principle that reducing complexity prolongs a product's life.

The newly developed Fredericia extension mechanism runs without wires and can be easily handled by one person. It allows for two additional seats or just a convenient extra space to be added to the table. The other table is stored under the table while not in use.

MODEL

6632 - Extendable 200 / 260 x 100 cm

MATERIALS

Extendable table with tabletop in nanolaminate or solid wood and with space for storing an additional board. Additional plate is the same material as table top. Base in tubular steel, brushed or powder coated. Mounted with plastic glides. No felt glides available.
