

Insula Piccolo Table

Designed By Ernst & Jensen, 2014

Insula is a series of distinctive coffee tables made in pure aluminium, designed by Danish designers Mette Bartholin-Jensen and Morten Ernst. The asymmetrical, yet balanced shape of the table top is balanced by the streamlined definition seen in the slim table top and angular frame. Almost like small islands, the tables have a floating feeling. Their striking silhouette makes them equally beautiful as stand-alones or clustered together to form an archipelago.
