Design by  
Emanuel Gargano, Anton Cristell - 2015

ITA

Si ispira a forme organiche "Lapis", il "concept living" disegnato da Emanuel Gargano e Anton Cristell per Amura, che vuole ricongiungere l'uomo e la natura. È la terra, infatti, a dare origine ai vari elementi modulari: volumetrie plasmate e rese morbide dal trascorrere del tempo, che emergono in maniera quasi spontanea da un selciato arcaico.

"Lapis" può assumere varie dimensioni e combinazioni a seconda degli spazi e delle necessità: dalle forme più classiche e tradizionali, a composizioni libere e irregolari. Un design semplice, ma ricercato al tempo stesso che recupera la dimensione temporale quale elemento primario per il benessere dell'uomo.

ENG

Taking its inspiration from organic shapes, "Lapis" is the new "living concept" designed by Emanuel Gargano and Anton Cristell for Amura, that tries to reunify man and nature. It is Earth, in fact, the origin of the diverse modules: masses softened and forged by the passing of time, almost spontaneously emerging from an archaic cobblestone. "Lapis" can be applied in several dimension and combinatio, according to spaces and needs: from the most classic and traditional shapes, to freeform and irregular compositions. A design that's simple and refined at the same time, it manages to regain a temporal dimension as the main element for man's well-being.
