

ITA

Ha quasi le caratteristiche di una scultura NX, il tavolo che supera la staticità e la linearità propri della sua forma più classica attraverso un dinamico gioco di volumi dall'energia prorompente. Elemento innovativo e al contempo centrale di questo tavolo è il corpo in legno massello, che disegna con un tratto aereo e leggero le due lettere da cui il tavolo prende il nome. N e X danno così vita a un profilo dinamico che ricorda quello di una stella cadente o di una freccia: una struttura portante dal forte potere evocativo in cui poter leggere un "next" dal quale NX muta la propria carica avveniristica e di superamento dei canoni prestabiliti.

ENG

Almost with the features of a sculpture is NX, the table that overcomes the fixedness and the linearity of its most classic shape through a dynamic play of volumes with a bursting energy. The innovative and central element of this table is the body in massive wood, that outlines with an airy and slight line the two letters giving it its name. N and X thus give life to a dynamic profile that recalls that of a falling star or of an arrow: a bearing structure with a strong evocative power, in which a "next" can be read, from which NX takes its nature of futurism and overcoming of the established canon."
