Bowl is an aesthetically strong storage unit to keep your everyday items close to hand. A true piece of mono-function furniture, items placed within take on a new aesthetic meaning, whether you choose to be creative with your selection of items or a little more haphazard.

Bowl will be launched at Stockholm Furniture Fair 2015 at the Fogia stand B02:13 and at Fogia Concept Store in Stockholm.

About Fogia

Fogia is one of the leading furniture brands in Sweden. From our conception in 1981, we have collaborated with some of the most recognised designers in Scandinavia. Our pieces are crafted in classic materials, fusing fine craftsmanship & contemporary technology in our own factory in Northern Europe. We make our furniture from the ground up for those who appreciate impeccable design, craftsmanship and quality.
