DESCRIPTION	<p>GUBI takes a step towards circular production with a special striped edition of Space Copenhagen's Gravity Table Lamps. Space Copenhagen's much-loved, effortlessly elegant sculptural design is beautifully reinvented using marble offcuts, sourced from the production of standard-edition Gravity Lamps. By layering slices of waste marble in alternating colors, GUBI has created a striped pattern on the lamp's elegantly imposing base. This adds additional dualities to the design: as well as the opposition of dark and light, there is also the clean-lined precision of the parallel bars of colored stone on the base – a striking contrast to the naturally random patterns in the veining of the marble.</p>
