Design By Arik Levy

Wireflow designed by Arik Levy. A hanging lamp which reviews and updates the chandelier look through an exercise of simplification that explores its essence and enhances its outline with great delicacy and at the same time a strong formal presence. Its appearance, as a structure of fine cables finished with eight LED terminals, discretely connects with classic chandelier models, taking this type of lamp to a new, groundbreaking and futuristic dimension. Employing CREA product configurator software, the design can be modified to adapt to your specific project requirements.

Model Sheet

Optional : Extra cable length
Min. quantity, upcharge and extra lead time apply [EN]

| | |
|------------------------------|--|
| Finish | 04 Black RAL 9005 |
| LED temperature color | 2700 K |
